To Whom It May Concern,

If your company is committing to obtaining your ISO certification and are currently vetting consulting firms to assist you through the process, we found Al Noor International Consultants to be:

- Well organized
- Very knowledgeable about the requirements
- Strongly systematic in their approach
- Excellent communicators in conveying the necessary information
- Quickly responsive to our many inquiries
- Adept at providing the correct amount of professional pressure to keep us on track to ensure a timely completion
- Helpful in providing us sample material from which we could build

In short we found their services excellent and we could not have obtained our certifications without their professionalism and expertise.
